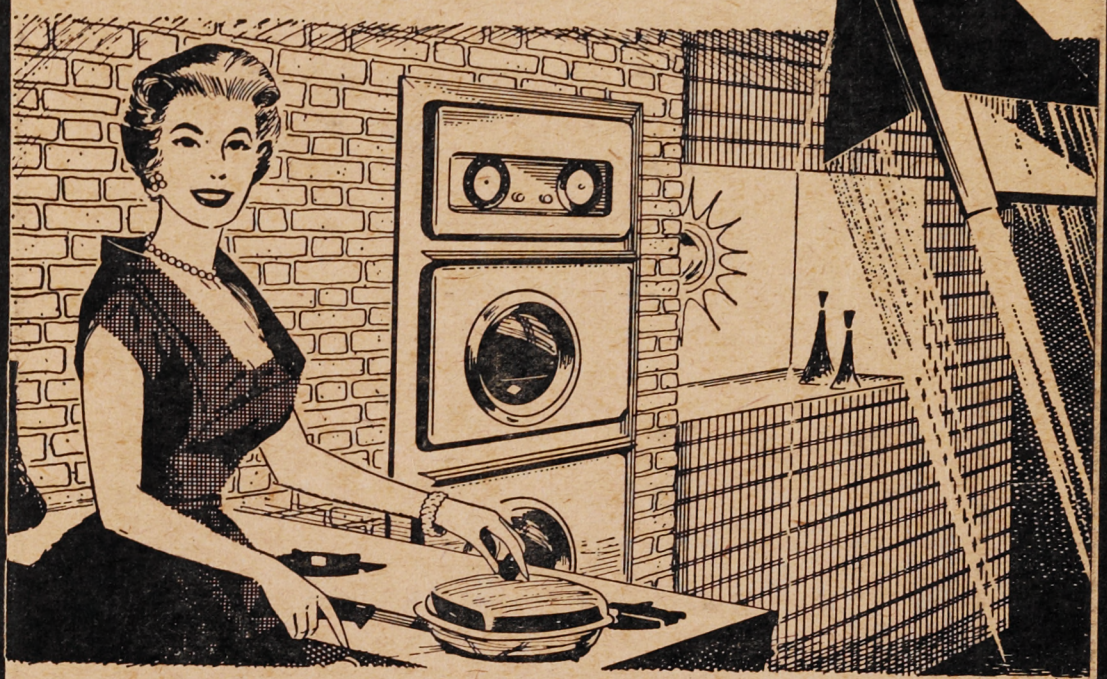
"More People than EVER are cooking with GAS!"

It's the COOL - CLEAN, ECONOMICAL, MODERN FUEL



THERE'S been a big change of gas ranges over the past few years. Never before have so many important improvements been incorporated into a major household appliance.

Now every burner lights automatically. Now you have a fully automatic top burner control. Now you can take automatic clock controlled cooking for granted. The smokeless separate broiler is still an exclusive GAS RANGE feature — and today's gas ranges have modern styling to satisfy the most demanding taste.

Introductory

The present volume for 1959 is the 54th edition of Henderson's Directory of Edmonton. The work embodies a complete epitome of the civic, commercial, social and industrial interests and activities of the municipality. It is a modern Directory in all parts and includes all the essential features which have proven so satisfactory to our patrons in previous issues; these have been retained and amplified, and improvements have been added as suggested by experience in order to add to the value and usefulness of the Directory thus fully meeting the requirements of patrons; the approbation and continued patronage accorded the work are constant incentives to better service.

The publication has had the benefit and advantage of the complete organization and resources of the publishers, and of the skill and experience of their corps of enumerators and compilers added to the courteous co-operation of citizens, in the production of the volume.

THE DEPARTMENT OF MISCELLANEOUS INFORMATION

THE DEPARTMENT OF MISCELLANEOUS INFORMATION starting on page 12 contains information about Civic History and Industry, as well as a complete list of Apartment and Business Blocks.

THE STREET AND AVENUE GUIDE

THE STREET AND AVENUE GUIDE starting on page 25 features the names of all streets and avenues arranged alphabetically and numerically, giving the location, number on the street, and showing the occupant.

The intersecting streets are shown in the order that they come.

🔔 Denotes that there is a Telephone in the house.

* Denotes that someone living in the house is the owner.

THE ALPHABETICAL DIRECTORY

THE ALPHABETICAL LIST OF NAMES of citizens, business firms and corporations starts on page 297.

THE CLASSIFIED BUSINESS DIRECTORY

THE CLASSIFIED BUSINESS DIRECTORY at the back of the book exhibits the various manufacturing, mercantile and professional names, compiled under headings appropriate to the class of industry or profession followed.

GREATER EDMONTON POPULATION, in excess of 303,000

The Directory estimate of population is based on the Dominion Census of June 1956 of 248,949 with correction estimated to date. The Edmonton Directory covers considerable territory beyond but tributary to the city limits, which is canvassed in order that the names of all people employed or who purchase in Edmonton may be obtained.

ADVERTISING EDMONTON

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site, and as an educational centre. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country, the publishers have placed copies of this issue of the Directory in the directory libraries, where they are readily available for reference use by the public. There they serve as perpetual advertisements for business men the country over realize that the City Directory represents the community as it really is.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves, their friends and their business interests for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.

Respectfully,
The Publishers,
HENDERSON DIRECTORIES LIMITED.

August, 1959

PUBLISHERS' NOTE

The information in this directory is gathered by an actual house to house canvass, and is compiled in a way to insure maximum accuracy.

The Publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors and omissions, hence no responsibility for same can be or is assumed.

The Publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next Directory.

STATISTICAL INFORMATION

(By Courtesy Edmonton Chamber of Commerce)

POPULATION—

Edmonton's population, as of May, 1959, was 260,733, while the population of Greater Edmonton, including Jasper Place, Beverly and the fringes was over 303,000.

AIRPORT—

The Airport comprises 750 acres, with 3 one-mile long concrete runways, 16 hangars, 200 small buildings, and employs over 1,000 people.

ALTITUDE—

2,182 feet; in the river valley 2,046 feet.

APARTMENTS AND BLOCKS—

Over 1,000.

AREA—

45.6 square miles.

BANK CLEARINGS—

1949—$1,020,493,676	1954—$1,815,880,307
1950— 1,205,326,649	1955— 8,021,968,301
1951— 1,332,219,273	1956— 2,327,972,456
1952— 1,620,472,361	1957— 2,310,121,028
1953— 1,807,431,056	1958— 2,313,536,430

BUILDING PERMITS—

1943—$ 6,720,130.00	1951—$36,394,684.00
1944— 5,759,105.00	1952— 37,066,526.00
1945— 7,988,348.00	1953— 55,023,816.00
1946— 15,020,453.00	1954— 68,329,716.00
1947— 13,182,665.00	1955— 58,718,696.00
1948— 27,123,329.00	1956— 69,406,035.00
1949— 40,050,063.00	1957— 64,344,758.00
1950— 46,579,372.00	1958— 72,517,144.00

CHURCHES—

200 representing practically all denominations, including a Mohammedan Mosque.

CITY STATISTICS—

347 miles of paved streets; gravelled 532; oiled roads 80.
769 miles of sidewalks.
734 miles of water mains.
829 miles of sewers.

EDUCATIONAL—

40 Elementary Schools.
30 Elementary-Junior High Schools.
2 Junior High Schools.
5 Senior High Schools—these are administered by Edmonton Public School Board.
9 Colleges and University of Alberta.
41 Separate Schools—administered by the Separate School Board.

FINANCIAL INSTITUTIONS—

6 Chartered Banks, with 59 branches
11 Trust Companies; 19 Loan Companies.
5 Alberta Treasury Branches.

FIRE DEPARTMENT—

37 pieces of equipment.
9 Stations staffed by a personnel of 392, operated on the 3-platoon system.

FORM OF GOVERNMENT—

The City of Edmonton is governed by a Mayor and ten Aldermen and by two City Commissioners.

GOLF COURSES—

7 (5 Private and 2 Public Courses)

HOSPITALS—

4 with 2,364 beds, not including bassinets for active treatment.

HOTELS—

30 licensed hotels.

LIBRARIES—

One public library and three branches, and two Bookmobiles.

NEWSPAPERS—

1 daily and 8 others.

NATURAL GAS—

Proven natural gas reserves rose from 4.6 trillion cubic feet in 1950, to over 21 trillion cubic feet in 1957.

PARKS AND PLAYGROUNDS—

3,413 acres, including playing grounds, parks, tot lots, etc.

POLICE DEPARTMENT—

One main station and two sub-stations; staffed by 356 officers and men, 31 civilian employees with 52 radio-equipped mobile units.

POPULATION—(Greater Edmonton)

1900— 4,000	1951—170,000
1906— 14,000	1952—185,000
1921— 58,827	1953—200,000
1925— 65,385	1954—217,387
1930— 77,557	1955—232,000
1935— 81,261	1956—245,599
1940— 91,723	1957—262,000
1945—111,745	1958—282,000
1949—150,000	1959—303,000
1950—160,000	

TAXABLE ASSESSMENT—

1943—$ 59,051,255.00	1952—$179,267,230.00
1944— 69,924,660.00	1953— 180,703,740.00
1945— 73,593,500.00	1954— 198,774,110.00
1946— 77,248,215.00	1955— 232,258,500.00
1947— 83,376,715.00	1956— 255,293,650.00
1948— 90 834,775.00	1957— 272,016,350.00
1949— 100,367,870.00	1958— 291,377,370.00
1950— 120,413,310.00	1959— 311,820,740.00
1951— 134,416,570.00	

TAX RATE—

61 mills

TOWN PLANNING DEPARTMENT—

Created in 1949 for the City of Edmonton and has a staff of 21 members. This is the central Civic Department around which resolves all problems of overall Town Planning approach, procedure, method, initiation, plans and general administration of Town Planning function.

TRANSPORTATION—(Edmonton Transit System)
93 trolley buses and 113 diesel, propane and others.

THEATRES—

21—6 Drive-In Theatres.

UTILITY CONNECTIONS—

Electric meters	73,345
Gas meters	64,776
Telephones	107,298
Waters meters	54,896

Miscellaneous Information

(By Courtesy Edmonton Chamber of Commerce)

In 1954, Edmonton celebrated its 50th Birthday as a City; while 1955 was the 50th Birthday for the Province of Alberta, its Jubilee year.

Modern Edmonton began in 1871, when the Rev. George McDougall, a Methodist Missionary, built his mission outside the palisades of old Fort Edmonton, on the present site of what is now McDougall United Church. The history of the capital city of the Province of Alberta began in 1794, when the Hudson's Bay Company and the North West Fur Company built rival trading posts on the Saskatchewan River, about twenty-five miles below the present site of the City. These forts were destroyed by the Blood Indians in 1807, and rebuilt in 1808, but very little is known of the history of Fort Edmonton between that time and when Fort Edmonton was established on its present site, in 1819. Some years later Chief Factor John Rowand was placed in charge and built the largest establishment west of York Factory, with stockades twenty feet high, complete with bastions and cannon, which became known as "Rowands Folly," but which, nevertheless, was the trading centre for the vast Saskatchewan and Athabasca valleys.

In the years which followed, Fort Edmonton was visited by Sir George Simpson, Governor of the Company of Gentlemen Adventurers Trading into Hudsons Bay, who was implored by the Blackfeet Chiefs to "grant that their horses might always be swift, that the buffalo might abundantly abound, and that their women might live long and always look young." Other visitors included Paul Kane, famous Canadian artist; Captain John Palliser and James Hector, of the Palliser Expedition, looking for a railway pass through the Rocky Mountains; Lord Milton and Dr. Cheadle, on behalf of the Royal Geographical Society; and in 1872, Sanford Fleming, C.E., with his party, reached Edmonton on the first trans-continental railway survey via the Yellow Head Pass.

Edmonton is beautifully situated on the banks of the North Saskatchewan River, in the midst of rich, rolling evergreen country and is surrounded by a populous community carrying on mixed farming on small acreages. To the northwest is the Peace River Country, the last great hinterland of agricultural and mineral resources, well-known for its prize-winning crops and its success in world grain competitions. But Edmonton's trading territory extends beyond the Peace River Country, into the Yukon Territory and right into Alaska. To serve the community of Yellowknife and the Northwest Territories, the Mackenzie Highway has been jointly constructed by the Government of the Province of Alberta and the Dominion of Canada, to haul supplies for this vast area to Hay River, to be taken across Great Slave Lake by boat and barge, or hauled, in winter, by tractor train across the ice.

LOCATION AND ADVANTAGES

Edmonton (latitude 53-35; longitude 113-30) is located 318 miles north of the boundary between Montana and Alberta; 200 miles east of the Rocky Mountains; 770 miles from Vancouver, via the Canadian National Railways and Jasper; 840 miles on the Canadian Pacific Railway via Banff and Calgary; and about 800 miles west of Winnipeg.

It is the commercial and financial centre of 75,000 square miles of territory, rapidly increasing in population and wealth, and containing at the present time over 600,000 people, distributed on the farms and in the towns and villages of Central and Northern Alberta, with the centre of population for the province about forty miles to the south. Population of the province is 1,200,000.

The City is also an important highway centre. A good highway, completely hard surfaced exists from Edmonton to Jasper Park, 248 miles to the west, thence via the famous Sunwapta Highway, or the Banff-Jasper Highway as it is more commonly known, to Lake Louise and Banff. The widely publicised Alaska Highway, over 1,600 miles in length from Dawson Creek, British Columbia, to Whitehorse and Fairbanks, has highway connection with the City. Since the Alaska Highway was taken over by Canada it has been kept open the year-round, and thousands of tourists, not to mention freight trucks and buses are continuously plying its entire length.

The completion of the Whitecourt-Valleyview cut-off, late in 1955, shortened the distance between Edmonton and Dawson Creek by about eighty miles.

HOTELS AND ACCOMMODATION

The City has numerous hotels, motels, auto courts, apartment houses and private boarding houses catering to every class of tourist and traveller.

PARKS AND RECREATION

Edmonton has plenty of places of interest, both within and without its borders. The social side of life—sports and recreation—is fostered by many organizations and clubs, and the Recreation Commission, a civic body, is charged with handling sports within the City parks and playgrounds, where trained instructors are on duty night and day during the summertime. The seating capacity of Clarke Stadium has been greatly increased to provide for present and future requirements for football, soccer, and track events, while contiguous to the Stadium grounds are softball grounds. Professional baseball devotees patronizing Renfrew Park.

The principal parks are: Victoria, 200 acres, lying on the river flats; Riverside, 100 acres, beautifully situated in Queen Elizabeth Park; Borden, 50 acres, containing the City Zoo; and Exhibition Grounds, 80 acres. South Side Athletic Park of 10 acres and White Mud Park of over 200 acres; Coronation Park in north-western area is to be developed.

A start has been made on a new Zoo in Laurier Park. The site will comprise 100 acres on the north side parallel to the river. When completed the Zoo will be one of Canada's finest. The children's Zoo, a part of the over-all project, is now open.

The moving picture houses give the public the best and latest shows; while those interested in amateur theatricals find full scope for their talents.

The Annual Edmonton Exhibition draws thousands of visitors. Breeders of livestock from all over Canada, and many States, are regular exhibitors.

GOLF COURSES

Devotees of the royal and ancient game of golf find in Edmonton a perfect setting for their favorite outdoor sport. The bright, pleasant days of spring and summer with their long twilight evenings, provide ideal golfing even after the business of the day is over.

The privately-owned Edmonton Golf and Country Club course occupies a commanding situation on the banks of the Saskatchewan River, some eight miles south-west of the City, in close proximity to the Woodbend oil field.

Mayfair Golf Club too is privately owned and is situated in the valley of the Saskatchewan River, just below and beyond the University of Alberta.

The Highlands Course, also privately owned, is situated in the eastern section of the City, along the winding banks of the Saskatchewan.

The Municipal Golf Course, in Victoria Park, is one of the beauty spots of Edmonton. On the one hand rises the green slopes of the valley, and on the other, the Saskatchewan River winds through tree-clad banks. The valley curves with the bends of the river, the whole forming a natural amphitheatre—fit spot for a city's playgrounds.

The City has opened Riverside Golf Course acclaimed as one of the finest in the country, 18 holes and one of the finest log Club Houses seen in Western Canada, occupies 160 acres in the most beautiful scenery in Saskatchewan River Valley within one mile of the Macdonald Hotel.

Hillcrest Country Club, privately owned, which consists of twenty-six acres, located on the river flats in the western area of the City, is being developed to take care of such sporting activities as riding, swimming, archery and the like.

MUNICIPAL SWIMMING POOLS

Edmonton is well-equipped for safe out-door bathing. Four modern swimming pools, together with a wading pool for small fry, are in operation during the spring, summer and autumn months, each in charge of a qualified instructor. The water is filtered, heated and sterilized and bacterial tests are regularly made by the City Bacteriologist.

NATURAL GAS

Edmonton has an abundant supply of natural gas, supplied to householders at the lowest rate on the North American continent, sufficient for at least fifty years, according to present estimates, for both householder and industry. The pres-

ent sources of supply are piped to the City from the Viking and Kinsella fields, about eighty miles east. Edmonton consumers — domestic, commercial and industrial, number over 65,000.

CENTRE OF TRANSPORTATION

Edmonton is the centre of transportation for Alberta, from which radiates a network of railway lines extending northwesterly into the Peace River area, and northeasterly to Waterways, as well as eastward and westward to the borders of the province, and southward through a rich agricultural farming area. Transcontinental lines of the Canadian National Railway pass through the City, and the Canadian Pacific Railway makes contact with many points through which the transcontinental lines of that company pass.

The Airways development of the continent has brought the City into prominence as one of the strategic centres of air transportation. C.P.A. Trans-Polar Flights now stop at Edmonton en route to Amsterdam. The great north country is provided with regular freight and passenger schedules by Canadian Pacific Air Lines. A number of charter aircraft companies also are based in the City. North West Air Lines planes also make Edmonton a port-of-call on their way to Alaska, and Western Airways of California now make Edmonton their northern terminal.

Edmonton has a Class "A" airport, equipped with modern concrete runways and capable of handling large aircraft, located within five minutes' drive from the heart of down-town Edmonton. At Namao, seven miles north, is one of the largest military airports on the continent.

Paving is underway of runways at Edmonton's new 10 million dollar International Airport located south and west of the city When completed, the area will comprise 12 square miles, making it probably the largest airfield on the continent.

A seaplane base is located at Cooking Lake, twenty miles east of the City.

EDMONTON CHAMBER OF COMMERCE

The Chamber is this year celebrating its 70th year of community service, and its membership of over 1,750 is comprised of professional, industrial, commercial, and agricultural interests. Information on all matters relating to the resources of the district, business opportunities, and general information of all kinds, is freely given by a competent staff, located at 9905 101A Ave.

EDMONTON INDUSTRIAL DEVELOPMENT BOARD

With representatives from the City Council, the Edmonton Chamber of Commerce and City at large, and spear-headed by the City's Industrial Director, the Board has been set up for the purpose of assisting and attracting new industries. Complete information is available to all enquirers regarding markets, costs of operation, taxes, and kindred material.

WHOLESALE AND JOBBING CENTRE

The key position of Edmonton on the map of the northwest makes it an important distributing point for a large territory. From the earliest times, it was a natural trading centre—in the days of the fur trade, it was the principal point west of Winnipeg on the navigation on the North Saskatchewan River. From Old Fort Edmonton via Fort Assiniboine, the goods for the Hudson's Bay posts west of the Rocky Mountains were regularly despatched.

RETAIL SHOPS

As befits a City serving so large a community, Edmonton's retail stores are large, numerous and well-stocked. They vie with thousands of larger and older cities in the display of things new and beautiful. They range from big departmental stores to the small specialty shops. In keeping with the City's growth, local shopping centres are developing designed as a grouped unit in various new residential Neighbourhood Units together with large planned district shopping centres midway in function between the local centres and the general large, central downtown shopping area. Off-street parking facilities are a prime requisite in the design of such centres and these are being achieved as integral parts of all new shopping centres both local and district, in this City.

Today Edmonton holds an analogous position in the trade of Western Canada. Besides many independent local firms, the number of wholesale houses includes branches of the most important firms of Eastern Canada and the United States, representing every branch of mercantile trading.

INDUSTRIES

The vast supplies of raw materials available in the area adjacent to Edmonton and its central location for distribution, makes Edmonton a key city for industrial expansion. Dairy and meat packing industries are firmly established and rank amongst the top in the Dominion. Garment factories, iron foundries, flour and cereal mills, candy and biscuit plants, beverage and soft drinks are but a few of the industrial lines represented here. The availability of coal and natural gas, as economical fuel, make Edmonton a favorite location for those contemplating establishing industries in Western Canada.

Because of this Edmonton faces a prosperous future for industries of the Petro-Chemical Classification. The Celanese Corporation, known locally as Canadian Chemicals Ltd., has completed its fifty million dollar plant and has an ever-expanding market available. Canadian Industries Ltd., has just commenced operations in their new Polythene Flake Plant and there are many Industrial concerns waiting to process the waste products of these plants into commercial products.

Three oil refineries are now operated by the Imperial Oil Ltd., The British American Oil Co., Ltd., and Texaco (Canada) Ltd., and two of which have spent many millions in expansion programs.

Among new industries established are—a steel rolling mill, steel fabricating plant, cement plant, and a cement-grinding plant, glass and polychemical plants, plywood plants, phenolic resins producing plants, not to mention the pulp and paper mill constructed at Hinton about 180 miles west of Edmonton.

A GRAIN CENTRE

Edmonton is the centre of the grain trade for Central and Northern Alberta. A Government Terminal Elevator has storage capacity for 2,500,000 bushels, and most of the important grain companies of Western Canada are represented on the Edmonton grain market.

EDMONTON LIVESTOCK YARDS

One of the public terminal livestock markets of Canada is located in Edmonton, and operated under government supervision.

AGRICULTURE

Edmonton is the centre of the largest area of agricultural land of any city in Canada. In the outlying districts much of the land is still in the raw state, but is gradually being brought under cultivation. The finest quality of wheat, oats, barley and peas are grown, with Edmonton District farmers making a name for themselves and the area by their winnings at the Chicago International Grain and Hay Show; in fact, in 1941, the Grand Championship for wheat was awarded to a farmer, part of whose acreage was within the City limits.

DAIRYING

Agriculture in the Edmonton District is developing rapidly along mixed farming lines, and a wealth of farms in the area supply butterfat to the four large, modern dairies which export butter, cheese and other dairy products. The City is also the export centre for dehydrated eggs and poultry.

COAL

A substantial part of Alberta's tremendous coal reserves of 46½ billion tons, by far the largest part of Canada's undeveloped coal resources, is contained in the Edmonton area.

OIL AND ASPHALT

The discovery of oil west of Leduc, in February, 1947, and about twenty miles southwest of the City, and the vast developments which are taking place, day by day, with many allied companies to the industry already having established in Edmonton, is changing Edmonton's economic outlook. In addition to Leduc and Woodbend, across the Saskatchewan River from the Leduc productive field, oil was discovered in the fall of 1948 at Redwater, thirty-five miles northeast of the City, and present indications are that oil underlies the whole of the area. Close to 8,000 wells were capable of producing oil at the end of 1957. Vast new areas are being opened up, with some 1,900 producing wells in the Pembina area; 460 in Joarcam; 900 in Leduc; with the Sturgeon Lake area being served by a pipe line. Known oil reserves are calculated to be 2½ billion barrels. Exploratory and development work is being carried out by major Canadian oil companies, with ever-increasing interest by American concerns. Oil now flows from the Edmonton area to Sarnia, Ont., and westward to the Pacific Coast, while a gas pipe line is contemplated to Eastern Canada.

Two hundred and fifty miles north of Edmonton, in the vicinity of McMurray, there is a vast area of bituminous sands, largely undeveloped, and whose economic value is as yet unproven. However, a number of new companies anticipate going into the field this year.

SALT

Tributary to Edmonton are vast salt deposits, with beds 100 to 200 feet thick. At Elk Point, about a hundred miles north-east of the City, a large plant is in operation.

FISHERIES

The fresh water lakes of the Edmonton District and the North abound in whitefish, trout and other commercial fish, and a large quantity is being shipped to American cities finding a ready market there.

LUMBERING

Lumbering is carried on in the outlying areas, and provides seasonal employment for large numbers of Alberta citizens.

EDUCATION

Edmonton, the capital city of the Province of Alberta, is not only the seat of the provincial government, but is also the home of the University of Alberta, which in 1958-59 had an enrolment of 5,241. The medical, engineering, and agricultural faculties of the University have received country-wide recognition and the medical school has been the recipient of endowments from the Rockfeller and Carnegie Foundations. The City is well-supplied with elementary, intermediate and high schools, both for Protestants and Roman Catholics. A number of commercial high schools come under the jurisdiction of the School Boards, and several privately-owned and operated business colleges are engaged in turning out commercial students.

LIBRARIES

The City has 3 branches and 1 main library, containing 182,000 volumes. Two Bus Bookmobiles have been equipped as travelling libraries to serve outlying districts, which have over 25,000 volumes on their shelves, making 28 book stops through the City.

The Provincial Library, situated in the Parliament Buildings, is rich in works and documents relating to the early history of Western Canada.

Libraries are also maintained in the School of Education and the University of Alberta, namely the Rutherford Library, which contains 120,000 volumes for the use and reference of students at these institutions.

HOSPITALS

Edmonton's position as a medical centre is one of no mean proportions. It has eight hospitals with a total of 3,824 beds with 2,364 beds for active treatment, attracting specialists in every branch of medicine and surgery, who, in turn attract thousands of patients to the City from the surrounding areas. Among the hospitals are the Royal Alexandra and Isolation (municipally owned), the General, operated by the Grey Nuns, the Misericordia, by the Sisters of the Misericord, St. Joseph's by the Sisters of Providence, and the University Hospital under the direction of the Provincial Government. In addition, there is a branch of the Provincial Mental Institute and a special hospital, operated by the Provincial Health Department, for victims of infantile paralysis, not to mention special treatment in the Aberhart Memorial Hospital for tuberculosis patients. The Colonel Mewburn Pavilion of the University Hospital, has accommodation for members of the Armed Forces.

Last year a large new extension was made to University Hospital, while the Misericordia and St. Joseph's recently completed new additions. The City had constructed a new maternity hospital of 112 beds, and the Oliver Mental Institute is in process of adding a further 100 beds.

CITY GOVERNMENT

Edmonton is governed by a Council of ten aldermen, elected for two years, one-half retiring each year, presided over by a Mayor, also elected for a two-year term, and a Board of three Commissioners, one of whom is the Mayor.

MUNICIPAL OWNERSHIP

Edmonton owns and operates all the public utilities of the City—light, power, telephone, waterworks, transit system, and airport, with the exception of Natural Gas. The principle of public ownership has been firmly adhered to by the people of the City since the purchase of the electric light system in 1902, when the then town of Edmonton made its first venture upon this policy, which has proven quite successful.

ELECTRIC POWER PLANT

Electricity is generated by steam produced in a boiler plant, fired by Edmonton district coal and gas.

The power plant supplies electrical energy to all the City's other utilities, such as waterworks, sewage disposal plant, Edmonton Transit and Telephone systems, as well as to the electric light and power department for domestic and commercial distribution.

WATERWORKS

Due to turbidity at high water periods, all water, pumped from the Saskatchewan River, for domestic and industrial purposes is filtered and sterilized before being forced into the city mains. Low-lift pumps, with a capacity of 54,000,000 gallons per day, raise the water from the river to a mechanical clarifier basin, where sediment is removed. Thence the water flows into agitator tanks, to which the proper amount of sulphate of alumina is added, forming aluminum hydrate. The water then flows into large stilling basins, where the hydrate coagulates all the sediments and deposits them on the bottom of the basin. Now the water is ready for filtering through sand and gravel beds, which remove all traces of foreign matter and most of the bacteria (if present). Before the water is sent by high lift pumps into the mains, it is treated with liquid chlorine in quantities proportioned to bacterial tests, which are made daily. By using such means the water supply is clear and pure. A number of years ago it was considered desirable that water for city requirements be softened and a 75 p.p.m. lime and soda ash treatment is now used.

EDMONTON TRANSIT SYSTEM

The street railway system commenced operations in November, 1908, with twelve miles of track and two cars. A program of conversion of street cars to trolley buses and gas buses was completed in 1951 with the attendant removal of street car tracks and additional heavy paving at bus stops. In addition to the trolley buses, diesel, propane and gas buses serve the outlying areas. Some 35,000,000 persons are carried each year by the System.

TELEPHONES

Edmonton embarked in the telephone business in January, 1905, by purchasing the Edmonton District Telephone Company. In 1908 the Strowger Automatic System was installed and 800 subscribers cut over from the old magneto switchboard. During the war years, there was great difficulty in procuring sufficient equipment to meet the City's growing needs, but now that supplies are freer, installations are rapidly going ahead, and subscribers now number nearly 108,000.

In 1951 the complete system was changed over to the Dial-Tone technique and there are now 6 sub telephone exchanges, and the main exchange.

University of Alberta

VISITOR

The Honorable John James Bowlen, Lt.-Governor of Alberta.

THE BOARD OF GOVERNORS

Charles Malcolm Macleod, Q.C., LL.B., Chairman.

His Honour Judge Laurence Yeomans Cairns, B.A., LL.D., Chancellor of the University.

Walter H. Johns, B.A., Ph.D., President of the University.

Frederick George Stewart, Esq., Deputy Provincial Treasurer.

William Herbert Swift, B.A., M.A., B.Ed., Ph.D. Deputy Minister of Education.

Tevie Miller, B.A., LL.B., President of the Alumni Association.

Mrs. W. C. Taylor.

Bruce Albert Burgess, B.Sc., Vice-President of the Alumni Association.

Hon. Mr. Justice Hugh John Macdonald.

John Procter, Esq.

Merrill D. Muttart, Esq.

George Frederick McNally, M.A., LL.D.

Arnold William Platt, B.Sc., M.Sc., F.A.I.C.

John Maclean Whidden, B.Com., Bursar, Secretary of the Board.

THE SENATE

Statutory Members

His Honour Judge Laurance Yeomans Cairns, B.A., LL.D., Chancellor of the University.

Walter H. Johns, B.A., Ph.D., President.

Charles Malcolm Macleod, Q.C., LL.B., Chairman of the Board of Governors.

Arthur Gilbert McCalla, M.Sc., Ph.D., F.R.S.C., Representative of the Deans' Council.

Edmund Jabez Thompson, M.A., B.D., Ph.D., Principal of St. Stephen's College.

Brother Luke, F.S.C., Rector of St. Joseph's College.

William Edward Frame, M.C., B.A., Chief Superintendent of Schools.

Ernest William Wood, M.E.I.C., Principal, Provincial Institute of Technology and Art.

Rev. John Henderson Garden, B.A., B.D., D.D., Principal, Mount Royal Junior College.

Tevie Miller, B.A., LL.B., President of the Alumni Association.

Bruce Albert Burgess, B.Sc., Vice-President of the Alumni Association.

George Murray Dunlop, B.A., M.A., Ph.D. and Hugh Grayson-Smith, M.B.E., B.A., Ph.D., F.R.S.C., Representatives of the General Faculty Council.

Darroch Duncan Campbell, B.Com., BA., Director, Dept. of Extension.

Louis D. Hyndman, President of the Students' Union.

Appointed members to retire November 1st, 1959

J. Angus McKinnon, Calgary and Maurice Earl Hartnett, B.S.A., representing Agriculture.

Arthur J. Balfour, Grande Prairie, representing Business.

Robert Scott, Calgary, representing Labour.

George Richard Agar Rice, Edmonton, representing Industry.

Miss Mary Roberta Crawford, M.A., Edmonton and

Robert Warren, Calgary, representing Public Education.

William B. Parsons, M.D., Red Deer, representing Organization devoted to Social and Cultural Welfare.

Alexander Duncan Cairns, B.A., Registrar of the University, Secretary of the Senate.

Needs a City Directory

to enable those responsible
to give good service to your customers.

Buy a City Directory today;
it can be used every day in the year.

HENDERSON DIRECTORIES LIMITED
419 McMillan Ave., Winnipeg 13

Please! Do Not Lend Your CITY DIRECTORY

•

IT COSTS YOU MONEY
Every Time It is Loaned

•

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the **Directory** of Your City.

This cost must be absorbed by the subscribers—be they one—or be they 1000.

If there were but **One Subscriber** to the **City Directory — the One Subscriber** would of necessity have to absorbe **The Whole Cost.**

If there were **1000 Subscribers**—each one would **have to absorb 1/1000 Part of the Whole Cost.**

From which it is obvious that the **Greater** the number of subscribers —the **Lesser** the cost to each.

Every time you loan your City Directory the **Less Necessity there is for the Borrower to subscribe for the Service.**

More Borrowers result in **Fewer Subscribers,** which means **Increased Cost.**

HENDERSON DIRECTORIES LTD.

419 McMillan Avenue **Winnipeg 13**

HENDERSON'S
Edmonton
Streets and Avenues
1959

In the following list the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment The profession or business of individuals or firms is given only at their respective places of business; to find occupations of others refer to Alphabetical List of Names.

Where the odd and even numbers on an Avenue or Street are separated, the south side (odd numbers) on Avenues will appear first and the east side (odd numbers) will appear first on Streets.

The symbol * following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The symbol △ also following names denotes houses having telephones.

(This section includes some listings reading "Occupied" or "Vacant". In each case the Publishers tried diligently, by various means, to obtain the information form the occupants but were unsuccessful. First two personal calls were made by an enumerator; next, a post card was mailed and the telephone used when possible.)
